# field trip

เรียนกับพี่พีชที่บ้านวันนี้ที่ [www.ideal everywhere.com](http://www.ideal everywhere.com)

I can't believe that our biology class has finally gotten to go on a field trip.

Yeah, isn't the zoo great? \_\_\_\_1\_\_\_\_.

I've never been to one before at all.

Really? That's amazing. Your parents have never taken you?

No. They are always too busy.

Oh well, at least you're here now. Do you see the giraffes over there? I remember studying about them in class.

\_\_\_\_2\_\_\_\_! It's incredible how tall they are.

It sure is. The adults can get up to 5-6 meters tall. And their necks can be a meter and a half or more.

\_\_\_\_3\_\_\_\_. No doubt they have a lot of bones in them.

Actually, it's only seven –the same as you and I. The teacher told us that in class.

Oh really? \_\_\_\_4\_\_\_\_. How about the elephants over there? Those are pretty tall too.

Yes. African elephants can get up to 4 meters tall and weigh over 6,000 kilos. This is an Asian elephant though. They don't get quite as big.

\_\_\_\_5\_\_\_\_ this is an Asian elephant? Don't they all look the same?

Well, aside from not being quite as large as African ones, Asian elephants have smaller and rounder ears. The skin is smoother too.

Wow. You really know your elephants. \_\_\_\_6\_\_\_\_ the pandas. The sign says they're this way.

\_\_\_\_7\_\_\_\_.

I know that pandas like to eat bamboo, and they sleep a lot. Eating and sleeping is about all they really do, isn't it?

Well, it's true that they eat a lot. They normally spend about 12 hours a day eating. Bamboo is not very nutritious though, so they have to eat a lot of it. And it doesn't give them much energy so they sleep a lot too.

Oh, I thought they were just fat and lazy.

We should see the chimpanzees while we're here too. They're hilarious. They spend a lot of time playing and are really fun to watch.

\_\_\_\_8\_\_\_\_. I have seen a lot of them in different parts of Thailand already.

Those are monkeys, Ben. Chimpanzees are apes. They're from Africa. Honestly – You really need to \_\_\_\_9\_\_\_\_ in class!
