CLOZE TEST Exercise (Entrance October 2546)

More than 30 years ago, Nobel Prize-winning chemist Linus Pauling proposed the theory that high does of Vitamin C could prevent or lessen the severity of colds and other illnesses.

Pauling was a convincing Vitamin C advocate1... his death in 1994, but today, researchers still don't agree on2..... the vitamin, found in many fruits and vegetables, helps curb colds3...., it is considered an important antioxidant, and the supplement form could help pervert a number of conditions.

Uses: Vitamin C can be used to bolster immunity, particularly4..... people who are deficient in the vitamin (the elderly, smokers, diabetics and women who use oral contraceptives).

Others use it to reduce cold and asthma symptoms, enhance exercise performance and protect against cancer and cataracts.

Doses: Most people get enough from food,5..... those with Vitamin C deficiency need 20 milligrams to 500 milligrams a day.

1. a. by	b. for	c. until	d. since
2. a. whether	b. what	c. even	d. though
