**Reading Comprehension (Items 24-29)**

**Directions: Read the extracts and choose the BEST alternative to complete the statements that follow each extract.**

SAN JOSE, CALIFORNIA: An office worker cleaning a refrigerator full of rotten food created a smell so **noxious** that **it** sent seven co-workers to the hospital and made many others ill. Firefighters had to evacuate the building in Central San Jose after the fumes led someone to call emergency services.

- 5 What crews found was an unplugged refrigerator crammed with moldy food. Authorities say an enterprising office worker had decided to clean it out, placing the food in a conference room while using two cleaning chemicals to scrub down the mess. The mixture of old lunches and disinfectant caused 28 people to need treatment for vomiting and nausea.

24. According to the news report, firefighters were called to \_\_\_\_.

1. extinguish a fire in the building
2. clean the rotten food in an office
3. take people in the office to hospital
4. remove the refrigerator from the building
5. help deal with the odor in the building

25. According to the news report, the smell was caused by the \_\_\_\_.

1. mess in a refrigerator
2. spoiled lunches in the conference room
3. rotten food and the cleaning chemicals
4. chemicals used in cleaning the refrigerator
5. spoiled food in an unplugged refrigerator
